Peloponnese

[OVERVIEW](#) | [AREA DETAILS](#)

Nestled between mountain Taygetos and the Messinian Gulf

The town of Kalamata, built on the ruins of the Homeric city of Pharae, traces its history back to 2,600 BC. Nestled between mountain Taygetos and the Messinian Gulf, the town is known today for its charm and liveliness and its beautiful 4-km long shore EU blue flag awarded. The figs, raisins, honey bars, olives and olive oil of Kalamata are world-renowned.

Kalamata's historic course from a Mycenaean city to Byzantium, under the rule of the Franks, the Venetians and the Turks offers the visitor a wide variety of historical monuments and attractions. The convent of Saints Constantine and Helen, the Frankish Castle of Princess Isabeau, the Nunnery, the 10th century church of the Holy Apostles, the old mansions still standing in many parts of the town, the Benakion archeological Museum and the Folklore Museum should be included in every itinerary.

Kardamili

One of the prettiest traditional villages in the Peloponnese with several Maniate towers in great condition, ruins of the medieval castle and the nearby Dyros Gorge Caves with its wild beauty featuring amazing stalactites and stalagmites.

Koroni & Mavromati

Koroni

Very popular with visitors are the whitewashed tiled-roofed houses and the still inhabited Venetian castle-burg.

Mavromati

Visit the ruins of ancient Messene and its impressive finds exhibited in the Archeological Museum as well as the ancient acropolis of Ithome on the summit of Mount Ithomi.

Methoni

Not to be missed is the Venetian castle, one of the largest most spectacular and best-preserved castles in Greece.

Pylos

Famous for the Niokastro (an Ottoman castle excellently preserved), the Paleokastro (a Frankish castle on the north side of the Gulf) and the wetlands area at Yalova with its rich wildfowl.
